## International Marketing Trends Conference

**PROFESSOR ELYETTE ROUX PRIZE**  
Best Thesis in Luxury Brand Management

The International PROFESSOR ELYETTE ROUX LUXURY PRIZE aims at acknowledging outstanding research made by Ph.D. Students all along their thesis work and support future research and publications in the field of luxury brand management.

## DOCTOR PROFESSOR ELYETTE ROUX

Born in Marseille, Doctor Professor Elyette Roux spent most her life between Aix-en-Provence, Paris... and the big wide world where her extremely valuable expertise on the relationship between consumers and luxury brands was highly praised.

Among the twenty-two years that she spent at Paris ESSEC Business School, thirteen were dedicated to the LVMH - Louis Vuitton Moët Hennessy Chair on luxury brand management that she created in 1991. And even after she decided to make Aix-en-Provence and the Aix-Marseille University her anchorage point in 2004, she kept travelling all over the world where her wise and nevertheless sharp eye was often required to advise, evaluate and support students, researchers, academics and business professionals on strategic luxury marketing issues.

Despite her busy schedule, she always took time to look out for new research initiatives and ever since it was created in Venice in 2000, she has been a keen, enthusiastic and active supporter of the International Marketing Trends Conference for which, in 2008, she created a Doctoral Colloquium.

When thinking about the future, after she left us on the 6th of May 2017, we could not imagine the next conference and the many others to come without her being with us in a way or another. This is the reason why, after discussing with her family, we decided to create another new rendez-vous, which would reflect her passion for the students and academic research on luxury brands.

**In the memory of our dear friend, Doctor Professor Elyette Roux, we take pride in announcing the launch of the PROFESSOR ELYETTE ROUX LUXURY THESIS PRIZE under the patronage of IMTC International Marketing Trends Conference and a leading company operating in the luxury sector.**
